

## How to Incorporate Eventbrite Events within IQ

**Market:** Federal/State/Local, House, Senate

**Module:** Events

**Purpose:** The purpose of this guide is to provide instructions on integrating Eventbrite with IQ and to provide examples of customer use cases to highlight the benefits of the integration.

### Key Benefits

Eventbrite is a third-party tool that allows users to create, track, and pull ancillary data of events. IQ has the capability to establish an Application Programming Interface (API) connection with Eventbrite. As a result of this integration, organizations have seamless use and access to Eventbrite data within in IQ, which streamlines the management of their business events.

To configure the IQ-Eventbrite integration, contact your organization's IQ Consultant.

### Entering Eventbrite Data into IQ

- Once your Eventbrite account is connected to IQ, a new hyperlink entitled **Eventbrite Events** will be visible in the **Events** module. This link contains all the Eventbrite events you created including their statuses (i.e. draft, live, completed) and other related data.

- When an event is initially created in Eventbrite, clicking the event link in IQ will open it in Eventbrite. You will need to create a corresponding IQ event for each Eventbrite event to pull its data. To create an IQ event, click **IQ Event**.

3. You will be prompted to add the event to the calendars of IQ users.

**Add Eventbrite Event to IQ Calendar**

Calendar

Save
Cancel

4. An additional link entitled “IQ Event” now appears underneath the title of the Eventbrite event. If you need to navigate directly to the Eventbrite page, simply click the title next to the Eventbrite logo.

Eventbrite Tickets	Retrieve Attendees	(ID# 222) 3

<div style="border: 2px solid red; display: inline-block; padding: 2px;"> <span style="background-color: #0056b3; color: white; padding: 2px 5px;">E</span> </div> <div style="border: 2px solid red; display: inline-block; padding: 2px;"> <a href="#">IQ Event</a> </div>	<p><b>NYC Board of Education Town Hall</b></p> <p>The IQ event has differences in: location</p> <p>Summer NYC Board of Education event to hear parent conce...</p>	<p><b>Starts:</b> 7/16/2021 - 7:00pm America/New_York</p> <p><b>Ends:</b> 7/16/2021 - 10:00pm</p> <p><b>Status:</b> live</p> <p><b>Venue:</b> Madison Square Garden, 4 Pennsylvania Plaza, NY</p>	<p><b>Created:</b> 4/12/2021 - 4:49pm</p> <p><b>Revised:</b> 4/12/2021 - 4:51pm</p> <p><b>Registered:</b></p>

## Viewing Event Analytics

1. An Eventbrite record in IQ will display two tabs with the Eventbrite logos: **Event** and **Attendees**.

2. Click the **Event** tab to view the event dashboard.
3. Any customized registration questions that are part of the Eventbrite order form (**note**: this feature is only available via paid Eventbrite accounts) and their responses are automatically populated in IQ and displayed in a graphical format.

4. Select the **Map Answers to IQ** button at the right side of the page to align registration responses with affiliation codes in IQ and to automatically update the contact records with applicable tags.

## Linking/Adding Event Attendees as IQ Contacts and Conduct Outreach

1. Click the **Attendees** tab to add an Eventbrite attendees as IQ contacts.

2. Select the attendee(s).

3. Click **Change > Add as IQ Contact**. If the attendee's contact information is stored in IQ, you can map their information to their existing IQ contact record. Otherwise, you can automatically create a new contact record. These two options are accomplished by checking **Match to existing IQ contacts or create new IQ Contacts if no match found**.

**NOTE:** The *Do NOT create new IQ Contact if no existing match found* option prevents IQ from automatically creating a new record.

## Creating an Outreach Activity using Contacts

1. Select the contacts to include in your outreach activity's target audience. Select **New > Outreach**.

The screenshot shows a contact list interface. At the top, there are buttons for 'Add Contact', 'Change', 'New', and 'More'. A dropdown menu is open over the 'New' button, showing options: 'eNewsletter', 'Targeted Mailing', 'Outreach' (highlighted with a red box), 'Mass Mailings', 'Mass Text', 'Service', 'Event', and 'Existing Event'. Below the menu, two contact entries are visible:

- +Quorum, Mr. Tom**: 7990 Quantum Dr, Ofc 1, Vienna, Virginia 22182-5255 VA11, training@iqservicedesk.com. Statistics: Messages: (Open: 58 Completed: 93), Outreach: (Open: 0 Completed: 3), Services: (Open: 24 Completed: 6).
- +Quorum, Alyssa M.**: 7990 Quantum Dr, Ofc 1, Vienna, Virginia 22182-5255 VA11, alyssa@fakeemail.com, Home: (123) 456-7890. Statistics: Messages: (Open: 1 Completed: 20), Outreach: (Open: 0 Completed: 0), Services: (Open: 4 Completed: 3).

2. This will create a message record. From this record, you can conduct any outreach or message-related processes such as sending a Form Letter.

The screenshot shows a message record interface for 'Approved Message for Mike Quorum'. The 'Detail' tab is active, displaying the following information:

- Agency Contact for Service Code(s):** U.S. Department of Health and Human Services
- Newsletter Subscriber**
- Date In:** 4/16/2021
- Incomings:** No Incoming
- Created By:** Lori Zeoli
- Assigned To:** Lori Zeoli
- Priority:** None
- Salutation:** Mike

Other sections include 'Message Comments' (Add comments...), 'Discussion' (Add Discussion message...), and a 'Post' button.
